Madras Institute of Technology, Anna University, Chromepet, Chennai, Tamil Nadu, India

PROFESSIONAL SUMMARY

Computer Science Engineering student at Madras Institute of Technology, Anna University, with a strong interest in Java backend development and a passion for building real-world software applications. Actively developing foundational knowledge in Operating Systems, Computer Networks, Database Management Systems, and System Design through coursework and personal projects. Continuously improving technical skills through independent project work, and currently seeking a software engineering internship to apply and expand these skills in a professional setting.

EDUCATION

Bachelor of Engineering, Computer Science and Engineering

Expected 2028

Madras Institute of Technology, Anna University

Current CGPA: 9.14 | Semester GPAs: 9.00, 9.32, 9.11

TECHNICAL SKILLS

Languages: C, Java, JavaScript, SQL

Frontend: HTML5, CSS3, React, Vite

Backend: Node.js, Express.js

Database: Oracle Database, SQL

Core CS: Object-Oriented Programming, Data Structures, Design and Analysis of Algorithms, Database Management Systems, Operating Systems, Computer Networks and Data Communication, Theory of Computation, Software Engineering

Developer Tools: Git, GitHub, Visual Studio Code, IntelliJ IDEA, Postman

Currently Learning: Advanced Java, Operating Systems, Computer Networks, Theory of Computation

PROJECTS

Laura – Personal Finance Tracker

- Developed an Android application enabling users to manage personal finances through expense tracking and budget management
- Implemented a dashboard providing a consolidated financial overview alongside expense and income tracking
- Built category management, financial analysis, backup functionality, and user profile management features

Technologies: Kotlin, Android Studio, SQLite, Material Design

Personal Portfolio Website

- Designed and developed a fully responsive personal portfolio website to showcase projects, technical skills, and academic journey
- Implemented dark and light theme support with an interactive UI, GitHub integration, and a contact form
- Built a creative gallery and project showcase section to present work in an organized format

Technologies: React, Vite, Tailwind CSS, Framer Motion, JavaScript

My First Website

- Built an early web development project to practice frontend fundamentals using HTML, CSS, and JavaScript

CERTIFICATIONS

- English Typewriting (Certificate available)

ACHIEVEMENTS

- Maintained a CGPA of 9.14 in Computer Science Engineering
- Built multiple personal software development projects
- Winner of a Reverse Coding Competition
- Continuously expanding knowledge in backend development and core computer science subjects

LANGUAGES & INTERESTS

Languages: English -- Professional Working Proficiency (Read, Write, Speak) Tamil -- Native Proficiency (Read, Write, Speak)
Kannada -- Basic Conversational Proficiency (Speak)

Interests: Backend Development, Java Programming, Operating Systems, Computer Networks, Problem Solving, Drawing and Digital Art, UI Design, Continuous Learning
